

## Access for Media accredited guests for the opening of Inner Space on the 28<sup>th</sup> of June 2023 at 17:00 PM

To ensure that the media gets access to cover the opening of the Inner Space and the arrival of the first guests from within the grounds, Roskilde Festival will make it possible for media accredited guests to get access to the grounds prior to the opening.

The grounds are cleared of people at 15:00 PM. Hereafter, no access will be given unless people have a valid errand.

To gain access to the grounds, as a media accredited guest, you must follow these criteria.

- You must have a **specific editorial errand** for your media.
- You must wear a **valid qualifying wristband** for this year's festival. Press cards do not give access to Roskilde Festival.
- You must wear a **vest from Roskilde Festival**. The Media vest will be handed out by Roskilde Festival. Please c.f. below for details.
- You must **follow the instructions** from the area's safety managers.

### Meeting Place and handout of vests

Roskilde Festival's Presse office will ensure the vests are handed out and arrange a collective departure to the grounds.

Only a limited number of vests are available – a maximum of two vests pr. media will be handed out. If there are more vests available prior to departure, these will be distributed among the medias expressing a need for this for more vests.

Vests will be handed out at Medieservice at the Pressecenter on the 28<sup>th</sup> of June at 15:45 PM

Upon arrival to the grounds, the guides and the service managers will instruct you on where you can stand. These instructions must be followed.

The vests are to be handed back to Medieservice as soon as the coverage of the opening is done.

Have an amazing opening.

Roskilde Festivals Press Office.
